Forecast For East of England
Issued by Met Office Exeter
at 1600 on Thursday 16 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Fog for some overnight. Dry but rather cloudy on Friday.

This Evening and Tonight:
Clear spells, particularly across eastern parts of the region will allow patches of fog to form overnight. However, it is likely to be cloudier towards the south and west but dry. Minimum temperature 4 deg C (39 deg F).

Friday:
Fog slowly clearing in the north and east of the region through the morning. Probably rather cloudy for most but staying dry with light winds. Maximum temperature 9 deg C (48 deg F).

Outlook for Saturday to Monday:
Generally rather cloudy but dry this weekend. However, any overnight cloud breaks may allow patchy fog to form. Sunny spells Monday, with isolated light coastal showers possible. Cooler.
